

# Mica

by [W0nderboy](#)

So this is our new home? I can't believe Argonia is gone. But I promised father I wouldn't cry. This is our new home; on C-Island.

"Princess."

"Yes?", I say though I really don't want to be disturbed.

"Well, they found new homes for us. Isn't that great?"

"Yes." I said bitterly.

The boy is one of my people. Kenko I think his name is.

"Well I'll see you back at the village." Then he leaves. I suddenly feel lonely, and cold. The truth is that we are stuck here on this planet. I'm not saying it's bad, but..."

"Mica?"

I turn my head. If that's Kenko again, I'll...No it's Mike. Dr. J's nephew.

"Kenko said I could find you here." He sits down next to me. I continue watching the sky coldly.

"It isn't that bad, C-Island." I hear him say. "You might like it here. Really!"

"Can I ask a question?"

"Sure Mica."

"Can you stay..." No, I'm not going to... "Can you s..." I won't. I won't. "Can you."

Mike holds me tight as my tears fall on to his shirt.

"It's ok Mica.", I hear him say.

"I'm not going anywhere."

This story has been stuck in my head for years. At one point of my life. (Or summer vacation, whatever came first.) I used my Nintendo ALOT! After beating Startropics, and seeing the ending, I thought that a sequel should be made. If not that, at least something between Mike and Mica, the Argonian Princess. Please tell me what you think. I'm sorry it's so short.

Disclaimer. Startropics does not belong to me, in fact it's been so long I have no idea who it belongs to! So anyways, just don't sue, ok. You'll get nothing if you sue a simple writer from Americola. ^\_^
